<b>SUBJECT</b> site access for FIT at Saugee-Saugee Landfill.		
<b>SUMMARY OF COMMUNICATION</b> <p>I met with Tom Daggett today. He was <u>very</u> busy so he suggested that I call Frank Pellegrini counsel for (314) 241-7445 Riverport Terminal and Fleeting Company owner of the Saugee-Saugee Landfill and discuss the insurance information EIC sent to him. Frank said that EIC met all statutory requirements and that it was alright to enter the property &amp; anticipate being on site June 6, 1983 to conduct the Ground Penetrating Radar. I called Richard Burke Vice President of Riverport and told him that I had spoken with Frank Pellegrini and he said that USEPA can gain access to the site. Frank concurred but said that I should contact Pillsbury and let them know. I called Ron St. John, FIT, and said that we have site access. Ron will shoot for June 6, 1983 to begin GPR work.</p>		
<b>CONCLUSIONS, ACTION TAKEN OR REQUIRED</b> <p>I asked him to call Rick McDaniel, Pillsbury in Saugee to let him know when work will start and who will be on site. I told Ron that I will call Pillsbury Corporate in Minneapolis to let them know our schedule.</p>
